

DIRECT DISTRIBUTION

"A better way"

Do you have a large pile of old cones collecting dust in your warehouse?

- ✓ We wash traffic cones - remove road grime and bitumen build up making them compliant
- ✓ We replace non-compliant reflectors with current QLD requirement C1W sleeves
- ✓ We can save up to \$7 per cone compared to buying new

Also, what problem are we solving?

- ✓ Return your damaged / non-compliant cones to your fleet
- ✓ Avoid the HSE issues of storing chemicals and special PPE requirements of your staff doing it themselves.
