

PRODUCTS THAT SUPPORT

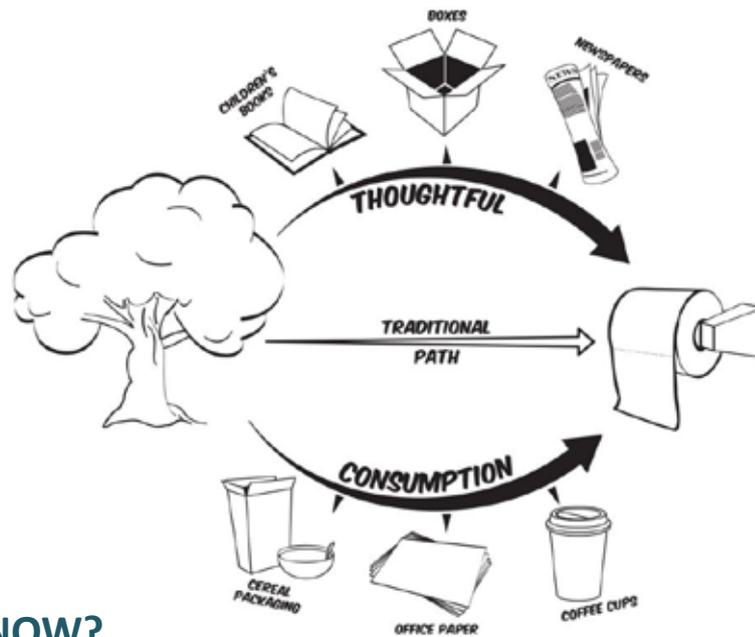

YOUR ENVIRONMENTAL INITIATIVES

We ask:

WHY CUT DOWN A TREE TO MAKE TOILET PAPER WHEN IT HAS SO MANY OTHER USES?

Thoughtful Consumption™ is our common sense approach to away-from-home washroom paper products and thinking, through the products lifecycle.

DID YOU KNOW?

Some “green” washroom paper products contain fibre that has never been used before being made into toilet paper or hand towel?

DID YOU KNOW?

Every time a tonne of recycled toilet paper is made v/ non-recycled, 31,000 litres of water and 400kg of greenhouse gases are saved?

DID YOU KNOW?

Making a conscious decision to adopt an environmental washroom paper alternative is easier than ever? Common misconceptions on product quality and product price are just that.. Common misconceptions.

EcoSoft™ Premium Washroom Paper Products offer you a high quality 100% recycled alternative, that is derived from 100% Post Consumer Waste.

ESG HAND HYGIENE

ADX™ LTX™ DISPENSING SYSTEMS

The skin on your hands is your first line of defence against infections. Keeping your hands clean is one of the best ways to prevent the spread of infection and illness, especially within a workplace. Working with GOJO, the ESG Green Washrooms Hand Hygiene program offers a complete portfolio of green certified hand hygiene and body wash products that encourage healthy habits for people, and which supports your green cleaning efforts.

Performance Guaranteed.

Both the LTX and ADX systems carry the **GOJO Lifetime Performance Guarantee – a dependability promise that even includes the batteries** in the LTX touch-free system.

GOJO SANITARY SEALED™ Refills.

Snap into place quickly and easily, minimising labour time while protecting users from the contamination risks of bulk soap. The removable pump promotes convenient recycling and the durable, recyclable PET material used less material than HDPE material; a footprint reduction of 30%.

Easy Maintenance.

Large sight window, skylight and clear bottles make it easy to know when to change the refill. The patent-pending refills are engineered to hold their shape while emptying, for a more attractive appearance.

Sustainable Skin Care Science.

The scientifically advanced formulations set new standards for performance, aesthetics and sustainable benefits while providing a pleasant hand washing experience.

PURELL® Hand Sanitiser Foam

provides a powerful combination of germ-killing strength and multiple skin-enriching moisturisers in Environmentally responsible formulations. The 70% alcohol formula kills 99.99% of many common germs. Made with 100% renewable ethanol, the readily biodegradable formula also helps condition the skin with a natural moisturiser
