

CORE HOUSEKEEPING RANGE

TRUE BLUE CHEMICALS

We offer a comprehensive range of highly concentrated cleaning and sanitising formulations to meet the needs of the Housekeeping team.

HARD SURFACE CLEANER	USEALL - is a versatile neutral all-purpose detergent which effectively cuts through grime, leaving surfaces free of grease and soil build-ups, providing a lasting shine finish. USE ALL's versatility makes it a must for the customer looking to use one product for many cleaning needs
BATHROOM CLEANER	BLUE LAZER - is the complete toilet bowl, urinal, shower and washroom cleaner. BLUE LAZER is a commercial strength cleaner with a unique detergent system making it a highly effective toilet and urinal cleaner to rapidly remove body fats, soap scum, mildew, rust, lime scale and build-ups of uric acid.
GLASS CLEANER	B & N WINDOW CLEANER - is a non-streaking glass, window and mirror cleaner that penetrates and dissolves deposits of dirt, film and oily stains. With a non-ammoniated formula B&N WINDOW CLEANER is ideal for cleaning tinted glass and chrome surfaces.
CREAM SURFACE CLEANSER	TOPAZ – is a non-scratch cream cleaner. TOPAZ cleans, shines and protects baths, basins, sinks, tiles, shower screens, stoves, refrigerators, laminex and stainless steel.
DISINFECTANT	CLEANKILL – is a concentrated high foaming, grease releasing sanitiser. CLEANKILL is a blend of grease cutting and emulsifying agents boosted with a super-chlorinated bleaching & germ killer.
DEODORISER	AD-ZORBA – is a highly effective odour treatment that chemically encapsulates odour and neutralising it. AD-ZORBA does not cover up odour, instead destroys it, leaving a pleasant fresh vanilla fragrance. AD-ZORBA is used to overpower the malodour causing organisms removing odours from carpet, fabric and hard surfaces, and is used as an air deodorant and incontinence spray.
